

# PARISH PROGRAMS & ACTIVITIES

When we come together at Parish there is so much more to the experience than what happens in the classroom. Even as we gather in a different way to start the year, we hope to enjoy and benefit from many of the rich programmatic offerings at Parish.

## PARISHarts

We plan to offer visual, performing arts and dance with appropriate adjustments implemented to ensure safety.

With national health and professional music organizations recommending the elimination of indoor singing, we are evaluating the structure of choral electives and ensembles, as well as musical theatre performances.

## PARISH ATHLETICS

Parish varsity sports compete in the Texas Association of Private and Parochial Schools Conference (TAPPS). On July 17, 2020 TAPPS announced the following adjustments to the 2020-2021 athletic schedule:

**Football:** Strength and conditioning on September 8  
Full practices in pads may begin September 15  
First games played September 28 (all games before September 28 have been cancelled)

**Volleyball:** Strength and conditioning begin September 8  
First games played the week of September 21 (all games scheduled before this week have been cancelled)

*Due to the County order, no practices may take place on or off campus before September 8.*

Winter sports dates have also been pushed back. Originally, October 19 was the first day of practice, October 26 was first day of scrimmages and November 2 was first day of games. Those dates have been shifted to November 2 (first day of practice), November 9 (first day of scrimmages) and November 12 (first day of games).

*Decisions about Junior Varsity and Middle School athletics have not been made at this time.*

## PAWS STORE

- The PAWS Store has relocated for 20-21 due to construction on the Noble Performing Arts Center. The store can be found in the trailer adjacent to the front entrance of the Midway campus.
- You can shop online, in-person (by appointment only) and by scheduled video chat with a PAWS employee.
- Student contact-less shopping available with easy ordering on a mobile device or computer using prepaid accounts.

## PARISHLAB & PARISHLINK

- We expect to open The Study in August 2020. This re-purposed 4,000 square foot space on the Midway campus will become the new home of ParishLab.
- ParishLab and ParishLink will continue to offer academic support to students enrolled in the programs during the 2020-21 year.

## PARISH EXTEND

- We intend to offer EXTEND PreK Extension, Explorations and Extended Care programming.
- Lower and Middle School care and classes will be single grade level to align with school day cohort groupings. Middle and Upper School Explorations will operate under whichever platform the School is using at any given time.

## STUDENT GOVERNMENT & CLUBS

- Student organizations will be limited to Student Government, Honor Council and Student Diversity Leadership Council with adjustments made in meeting structures to ensure social distancing.
